

# ST. PATRICK'S DAY

---

## ST. PATRICK'S DAY SHAMROCK MAN CRAFT

### MATERIALS

- White paper
- Green paper
- Black marker
- Scissors
- Glue
- Large shamrock template (<https://patternuniverse.com/download/large-shamrock-pattern/>)
- Small shamrock template (<https://patternuniverse.com/download/small-shamrock-pattern/>)
- Googly eyes (optional)

### INSTRUCTIONS:

1. Print large and small shamrocks onto green paper and cut out (cut stem off large shamrock). You need one large shamrock and four small shamrocks.
2. Cut 4 strips of white paper and fold accordion style. These will be the arms of the legs of the Shamrock man. We made the arms slightly shorter than the legs.
3. Glue the arms and legs to the large shamrock.
4. Glue the four small shamrocks to the end of the arms and legs of the Shamrock man.
5. Using a black marker (or crayon) draw a mouth onto the Shamrock man. For the eyes cut out two white circles and two smaller black circles and glue them together and then onto the Shamrock man. You could also use googly eyes.
